Reno's Biggest Little Sisters are now Perpetual

On the first day of Summer 2010 the news could not be better for Reno's Biggest Little Sisters (RBLs), as during the monthly telephone conference of the United Nuns Privy Council, they were approved to be elevated to being a full house of the Sisters of Perpetual Indulgence.

"This is a great day!" Sister Papa Bubbles, the RBLs president, said. "We have worked very hard toward this goal and now have reached it! Let's go party!"

The Sisters, as most refer to the organization locally, have been around for only 15 months starting as a mission in March 2009.

The seven brothers who became seven sisters started the charitable group to bring awareness to the community and the fun that is the Sisters of Perpetual Indulgence organization.

The Sisters of Perpetual Indulgence are a worldwide organization dedicated to promulgate universal joy, expiate stigmatic guilt and serve the community.

The full story will be in the July issue of The Reno Gay Page due out on July 1.
